

**Project Goal**

Type, value	Location
\$ 200 m commercial	Soho square Ponsoby Auckland
\$ 50 m commercial	Tongan Methodist Church Balmoral Auckland
\$ 15 m Residential	Goodwin building Mangere Manukau
\$ 10 m Residential	Kalmar projects Avondale Auckland
\$ 9 m Residential	Explorer Group Mangere Manukau

**Infrastructure Reports**

**Services provided**

- Full stormwater, sewer catchment analysis, water services for report infrastructure. Develop solution to basement excavation removing infrastructure crossing site. Full engineering design and contract
- Full stormwater, sewer catchment analysis, water services for report infrastructure. Assess soakage potential, upgrade options and overland flowpath.
- Full stormwater and sewer catchment analysis. Produced solution to extensive drainage servicing catchment issues to serve land which was in a no go catchment. Full engineering design and contract
- Stormwater catchment analysis, water services and report infrastructure. Upgrade existing system. Full engineering design and contract
- Existing sewer catchment restrictions. Produced a solution to serve land 100 yr flood levels calculated for large upstream catchment. Stormwater treatment wet pond designed and detention volume for 100 yr storm. Full engineering design and contract
